1930

The Record Press
Rochester, N. H.

INAUGURAL ADDRESS

By Mayor Louis H. McDuffee

Gentlemen of the City Council:

We have accomplished much the past year in many departments. The two departments where the most money is spent are the Schools and Highways, and in my opinion rightly so. Education is getting more important every year and as the big business of New England is summer business we must have good roads. It is reported that more vacation money is spent in New England than there is spent in France. One-third of our appropriation is spent on Schools and one-fifth on Highways. On both these accounts we get good returns.

Our Financial account this year does not show as good on account of the business depression. Our Poor account has been drawn on heavily and some other departments were overdrawn as men in need were put to work in these departments to keep them off the Poor list.

HIGHWAY DEPARTMENT

Goods roads should be the aim of every city or town if we expect to attract the tourist, bring business to the City and induce the stranger to make his home within our gates.

It has been our aim to proceed on this line as fast as time and money would permit. "Rome was not built in a day." Neither can all the roads be built in one year.

We have 225 miles of roads to be kept passable. The increased construction of what we term No. 2 roads, meaning a gravel base with oiled surface, meeting the No. 1 roads, known as state roads or trunk lines, will soon bring our outlying sections nearer the center of the City.

During the coming year we hope to be able to include Salmon Falls road, Rochester Neck road, and Ten Rod road, to be improved as much as possible.

We would recommend the reconstruction of South Main Street from the crossing to Linden Street; the Gonic road from Charles Street to Gonic Square; also Portland Street should be hot topped during the coming year.

Some of the work accomplished during 1930 was the hot topping of Pine, Brattle, School, Heaton, Spring, Granite and Glen Streets, Sheridan and Waldron Avenues; also the widening of Knight Street, Washington Street 3 7-10 miles were rebuilt, a gravel road with oiled surface. The Milton road 1 2-10 miles with crushed stone base and hot top surface. About 25 miles of bushes along our highways have been cut and burned, and many other things too numerous to mention.

SCHOOLS

For several years I have looked forward to the time when the children in the Maple Street section of the City could have a new elementary school building. The building is much needed and conditions are very favorable for its construction. I recommend that the City Council early this year provide funds for such a building.

In reviewing the records of our high school graduates in the normal schools, colleges and other post-

secondary schools, I am convinced that the supervision of our schools is efficiently directed. On visiting these schools, I have noticed a fine cooperative spirit among teachers, pupils, janitors and school officials.

LIBRARY

The course of instruction in our schools has changed as has everything else in the last 30 years. Today our school children not only study regular school books, but they have a course in reading. The schools have not the necessary reading books and are furnished in the library.

The reading courses are increasing every year which means more books in the library and more room. The present library is very much crowded.

FIRE

The greatest actual loss from all loss in this country is the fire loss. This loss is on account of our wooden building construction which we cannot change very rapidly.

The only remedy for this is good fire protection and a building code. We have the fire protection and need the building code.

PARKS

Although we have spent most of our appropriation to clean up after the ice storm last winter we set out over 100 maple trees, and this year should set out at least another hundred.

WATER DEPARTMENT

A public water supply is the most fundamental necessity of life. Vital not only for health and sanitation, but also for industry and protection from fire.

The City of Rochester is very fortunate in having such fine prospects for the development of a water supply ample in size and quality to meet the requirements of its users for years to come.

At this time it is my greatest pleasure to say that during the past year the City's water supply was expanded nearly 70 million gallons by the erection of a concrete dam on Berry river located at Tufts' Mill Pond as formerly known. This was accomplished by local labor under supervision of our Water Department officials, therefore I consider this achievement not only a great benefit to our water takers, but also a great help to our local labor situation when the country is undergoing such depression as at the present time.

And this year it is my desire that that Committee use its greatest energy in the continuation of betterments that are necessary.

HEALTH

For the past year the number of contagious diseases has been smaller than for some time, due unquestionably to our Board of Health, together with the School Nurse and the District Nurse.

We have had trouble this past year on account of people dumping waste material on and beside our highways. This is being checked by bringing these people into court.

Private dumps should be closed and the public dump used exclusively.

POLICE

Our police appeared during the past year in new uniforms and the one day a week off plan was put in effect.

We have used less men in our police department than many cities of our size in this part of the country. Instead of having regular men when we need an extra officer we employ specials. During the past three months there have been more minor crimes committed than for some time past, with the result that we have had people nervous and they have telephoned the police on the least unusual condition.

We have had police officers cruising the entire town for some two months after twelve o'clock at night. I think with good results.

It seems to me better to use the special officers than to put on extra regular men.

CONCLUSION

I have reviewed some of the improvements that seemed to me desirable. There will arise from time to time things that must be done. There are also some necessary constructions. The item of bridges and culverts alone is an enormous item. They must be repaired as soon as they give out on account of possible personal injury.

Business of the City is similar to business of an individual.

There is money enough available to do only a small part of what seems in the eyes of some people to be necessary, and somebody must use judgment to pick out the better things to do and still watch the finances.

As I felt last year I feel this year. We have had cooperation from officials and the employees have taken much interest in their work.

And I am conceited enough to feel that as a body our officials and help exceed in efficiency the same groups in many cities of our size.

FINANCIAL STATEMENT, JANUARY 1, 1931

DEBIT

Municipal Bonds,	$28,000 00

IMPORTANT RESOLUTIONS AND ORDERS

Passed by the City Council

RESOLUTION TO REIMBURSE MRS. EVERETT CHAMBERLAIN

Resolved by the City Council of the City of Rochester:

That the sum of six dollars be paid to Mrs. Everett Chamberlain to reimburse her for poll taxes for three years, paid by mistake.

Passed Jan. 7, 1930.

AMENDMENT TO ORDINANCE RELATING TO TUBERCULIN TEST FOR CATTLE

Be it Ordained by the City Council of the City of Rochester:

That Chapter VIII of the Revised Ordinances of the City of Rochester be amended by adding thereto the following:

Sect. 21. (1) No milk, cream, skim milk, sour milk, pasteurized milk, or other form of milk, shall be sold or delivered in the City of Rochester excepting that drawn from cows that have passed an official tuberculin test, made under State and Federal supervision.

(2) No butter, cheese, or other milk products of any kind or description, manufactured from milk, shall be sold or delivered in the City of Rochester excepting those products manufactured from milk drawn from cows that have passed an official tuberculin test made under State and Federal supervision.

(3) Any person violating any of the above provisions shall be fined not exceeding twenty dollars.

(4) This amendment shall take effect on September 1, 1930.

Passed Feb. 4, 1930.

RESOLUTION TO HIRE IN ANTICIPATION OF TAXES

Resolved by the City Council of the City of Rochester:

That the Committee on Finance be authorized to hire on note or notes of the City a sum not exceeding $100,000.00 during the year 1930 in anticipation of taxes. Said notes to be given at such times and taken up at such times as the balance in the treasury will permit.

Passed Feb. 4, 1930.

RESOLUTION FOR ANNUAL APPROPRIATION

Resolved by the City Council of the City of Rochester:

That for the support of the various departments of the City of Rochester for the year 1930 there be raised by taxation the sum of two hundred ninety-nine thousand three hundred and thirteen dollars and three cents, and the Assessors are directed to raise that amount with such overlay as may be found necessary.

March 4, 1930.

Amended to read $289,313.03 and passed as amended April 1, 1930.

RESOLUTION TO RAISE MONEY WITHIN THE SPRINKLING PRECINCT

Resolved by the City Council of the City of Rochester:

That there be raised by taxation within the sprinkling precinct for the year 1930 the sum of twenty-five hundred dollars ($2,500.00) in accordance with the act of Legislature creating said precinct.

Passed April 1, 1930.

AMENDMENT TO ORDINANCE, SIX-DAY WEEK FOR REGULAR POLICE OFFICERS

Be it Ordained by the City Council of the City of Rochester:

That Section 4 of Chapter V of the Revised Ordinances of the City of Rochester, relating to Police Department be amended by striking out the first three words, to wit: "of each day" from the third line thereof, and inserting in place thereof the words "six days of each week"; by striking out the word "daily" in the ninth line thereof, and inserting in place thereof the words "six days of each week, or at such other times as the Marshal or Assistant Marshal may determine."

That said Section be further amended by adding after the words "seven o'clock A. M." in the seventh line thereof the words "six days of each week, or at such other times as the Marshal or Assistant Marshal may determine," and by adding at the end of said Section the following: "It shall be the duty of the City Marshal, or in his absence of the Assistant Marshal, to determine the day each week that each officer may have off," so that said Section as amended shall read as follows:

Sec. 4. The Marshal shall be on duty in Rochester village from seven o'clock A. M. to six o'clock P. M., six days of each week; the Assistant Marshal and one police officer shall be night watchmen in Rochester village. One of the night watchmen shall be on duty from six o'clock P. M. to four o'clock A. M., and one from nine o'clock P. M. to seven o'clock A. M., six days of each week, or at such other times as the Marshal or Assistant Marshal may determine. The traffic officer shall be on duty on Central Square from 10 A. M. to 8 P. M., six days of each week, or at such other times as the Marshal or Assistant Marshal may determine. The night watchmen on their beats shall not walk together unless it be to communicate information or render assistance to each other; nor shall they, while on duty, unnecessarily remain in or about the police station.

That Sec. 6 of said Chapter V be amended by striking out the first two words, to wit: "night watchmen" of the second line thereof and inserting in place thereof the following, "all other regular officers"; by striking out the word "and" from the sixth line thereof and by adding after the words "night watchmen" at the end of the sixth line thereof the following: "And all other regular officers" by striking out the word "or" in the ninth line thereof, and by adding after the words "City Marshal" in the ninth line thereof the following: "Or Assistant Marshal," so that said section as amended shall read as follows:

Sec. 6. The Marshal, Assistant Marshal and all other regular officers shall devote their whole time and attention to the business of the department, and shall follow no other calling, or be employed in any other business. And although certain hours are allotted to the Marshal, Assistant Marshal, night watchman, and all other regular officers, for the performance

of duty on ordinary occasions, yet at all times they shall be prepared to act immediately on notice from the Mayor, City Marshal, or Assistant Marshal, that their services are required.

Passed June 3, 1930.

RESOLUTION AS TO THE EMPLOYMENT OF LABORERS

Resolved by the City Council of the City of Rochester:

That the heads of departments be and are hereby instructed that in the employment of labor only citizens and residents be employed whenever it is possible to do so without injuring the department, and that the preference be given to heads of families.

Passed June 3, 1930.

RESOLUTION PROVIDING FOR INCREASED WATER STORAGE

Be it Resolved by the Mayor and City Council of the City of Rochester:

That: Whereas there is a public necessity for the construction of additional water supply for the City of Rochester.

Whereas the City of Rochester has obtained title to the Tufts' Mill property, together with the water privileges incident thereto, and

Whereas George D. Dame, Superintendent of Water Works, has prepared plans for the erection of a dam at Tufts' Mill to store fifty-two million gallons of water, flowing 22.75 acres.

Whereas said dam can be constructed for a sum not to exceed twenty thousand dollars,

NOW THEREFORE, be it resolved that said City of Rochester expend a sum of money not to exceed the sum of twenty thousand dollars to erect a dam at the Tufts' Mill site according to the plans and specifications prepared by George D. Dame,

Be it further resolved that the Committee on Water Works of said Council be and hereby are authorized to erect said dam and to make requisition on the Purchasing Committee in such sums and at such times as may be necessary to erect said dam as above set forth.

Passed June 3, 1930.

AMENDMENT TO ORDINANCE CONTROL OF DANCES, GAMES, ETC.

Be it Ordained by the City Council of the City of Rochester:

That Chapter 13 of the Revised Ordinances be amended by striking out the whole of Section 9 thereof, and in its place inserting the following:

Sect. 9. No person or persons, or group of individuals or association of any kind, shall conduct a public dance, carnival, circus, athletic exhibition, game or contest, or any assembly at which dancing or games of any kind are carried on in a public place, unless one or more police officers are in attendance.

The Mayor upon application of any person, persons, or association, desiring to conduct a public dance, carnival, circus, athletic exhibition, game or contest, shall designate one or more police officers to attend the same, whose services shall be paid for by the applicant.

Any person violating the provisions of said Section 9 shall be fined not exceeding ten dollars.

Passed June 3, 1930.

RESOLUTION FOR ANNUAL VACATION FOR REGULAR FIREMEN

Resolved by the City Council of the City of Rochester:

That the regular firemen be granted one week's vacation with pay, the same to be taken under the direction of the Chief Engineer.

Passed June 3, 1930.

RESOLUTION TO EXTEND DISCOUNT PERIOD

Resolved by the City Council of the City of Rochester:

That for the collection of taxes for the year 1930 the provisions of Section 2 of Chapter XIX of the Revised Ordinances of the City of Rochester be suspended and the Tax Collector be authorized to allow a discount of one and one-half per cent. on all taxes paid in full on or before August 1, 1930, and one per cent. on all taxes paid in full on or before September 1, 1930.

Passed July 1, 1930.

RESOLUTION FOR TRANSFER OF BALANCES

Resolved by the City Council of the City of Rochester:

That if found necessary in closing the accounts of the year to transfer from a department where there is a balance, to a department where there is a deficit, the Committee on Finance be authorized to make such transfers.

Passed Dec. 4, 1930.

Lodgers,		1,418
Dogs dispatched,		24
Doors found unlocked,		10
Automobiles recovered,		4

During the year a card index and file has been installed in the office of the Marshal and a Buick Police Car purchased.

In behalf of the officers of this department, I wish to extend our thanks and appreciation to the Honorable Mayor and City Council in voting us one day a week off.

I also wish to extend my sincere thanks to the Honorable Court, County and City Solicitors, and City Officers for the co-operation and assistance rendered me during the past year.

Respectfully submitted,

HARVEY D. SMITH,
Marshal.

REPORT OF CHIEF ENGINEER OF FIRE DEPARTMENT

To the Honorable Mayor and City Council:

In rendering my report of the Fire Department for the year ending December 31, 1930, I would state that we have been very fortunate in not having many serious fires, but we may not always be as fortunate; therefore it stands us in hand to be prepared for whatever emergency may arise by having up-to-date equipment.

There have been 16 bell alarms, 143 still alarms, mostly chimney fires, 45 brush and forest fires in the City proper; 3 bell alarms, 8 still alarms, 5 brush and forest fires at East Rochester; 1 bell alarm, 8 still alarms, 17 brush and forest fires at Gonic, making a total of 246 alarms for the year.

Out of town calls: We assisted Alton, January 13, Farmington, February 3, Alton Bay, March 2, Milton Mills, March 21, Farmington, April 5, Farmington, April 23, Barrington, May 11, Farmington, June 13, Somersworth, September 8.

The amount of property involved in fires is as follows:

Value of buildings,	$466,856 00
Insurance on same,	436,950 00
Losses paid,	10,545 28
Value of contents,	48,391 80
Insurance on same,	28,275 00
Losses paid,	13,510 04

The amount of property involved in fires outside the hydrant service is as follows:

Value of buildings,	$4,000 00
Insurance on same,	2,500 00

Losses paid,	$2,500 00
Value of contents,	6,300 00
Insurance on same,	1,000 00
Losses paid,	1,000 00

I will recommend that the City purchase another pumping car with a booster pump on it. We can see that a pump of this kind would have been a great help in the farming district this year.

I will also recommend that the City purchase 1,000 feet of 2½-inch rubber-lined double jacket hose, one ammonia gas mask, and two shut-off nozzles.

In behalf of the Fire Department I will take this opportunity to extend our sincere thanks to all those who have been so kind and have given to the Department to show that they appreciate its good work.

In behalf of the Board of Engineers, I will take this opportunity to extend our sincere thanks to all the Officers and Members of the Fire Department for the promptness in which they have discharged their duties during the past year.

In conclusion I will take this method to thank the Mayor and Fire Committee and members of the City Council for what they have done for the Fire Department during the year just ended.

Respectfully submitted,

JOHN F. NUTE,

Chief Engineer of Fire Department.

ROCHESTER FIRE ALARM

REPORT OF CITY SOLICITOR

To the Honorable Mayor and City Council of the City of Rochester:

Am pleased to report that the City is free from legal entanglements; that there are no cases pending before the Courts of this State in which the City of Rochester is defendant.

The many legal questions which have arisen during the year 1930 have been adjusted and disposed of through the heads of the departments involved with the assistance of your solicitor. Such cooperation as this is productive of the public good will, and confidence, thereby insuring to the members of the City government the cooperation of the citizens at all times.

Dated this 31st day of December, 1930.

Respectfully submitted,

GUY SMART,

Solicitor.

REPORT OF BOARD OF HEALTH

To the Honorable Mayor and City Council of the City of Rochester:

We herewith present our report for the year ending December 31, 1930.

Number of contagious or infectious diseases reported,		19
Scarlet Fever, no deaths,	10	
Diphtheria, no deaths,	3	
Measles, no deaths,	5	
Infantile Paralysis, no deaths,	1	
Number of deaths from all causes, excluding stillbirths,		170
Number of stillbirths,		11
Number of deaths from tuberculosis,		5
Number of deaths from cancer,		20
Number of rooms fumigated,		39
Number of dead animals cared for,		36

We wish at this time to state that on the Farmington Road there is a public dumping ground owned by the City where all refuse should be dumped. It is unlawful to dump rubbish by the side of any public highway. During the year just ended three different parties have been brought before the court and substantial fines were inflicted, for disregarding this regulation. It will be the policy of this Board to bring into court every known violator of this law.

Respectfully submitted,

D. L. STOKES, M. D.,
FORREST L. KEAY, M. D.,
CHARLES E. GOODWIN,
Board of Health.

REPORT OF LIBRARY TRUSTEES

To the Honorable Mayor and City Council:

Gentlemen:—The Board of Trustees respectfully submit to you its thirty-seventh annual report, together with the reports of the librarian and treasurer for the year 1930.

The board has met each month with the exceptions of July and August, and has passed on all requests presented for its consideration.

How the revenues have been distributed, and how extensively the library has been patronized can be seen by the detailed report of the librarian.

The congested condition of the library has been somewhat relieved by the construction of stacks in the basement, and by the addition of shelving in the stack room; however, we make our perennial plea for more room.

The high qualifications of the library staff, and their enthusiastic devotion to their manifold duties are recognized and fully appreciated by the trustees. That the library is a valuable asset to the city can be readily seen by the Librarian's report.

For the Trustees,

JOSEPH F. SWEET,
Secretary.

December 31, 1930.

REPORT OF LIBRARIAN

To the Board of Trustees of the Rochester Public Library:

Gentlemen:—I herewith present to you the essential data for the year 1930.

The three things which determine the success of a year's work, in its final summing up, are, supply, demand and achievement. By supply we mean books and equipment. To the 27,887 books reported at the end of 1929 have been added 889 volumes, some for recreation and many we trust which are worth while. 602 of the number were purchased from the general fund, 66 from the interest of the John McDuffee fund, 21 from the interest of the Jennie Farrington fund, 134 were donated and 66 added by binding volumes of magazines. From this number must be subtracted 128 volumes worn out and 4 which were lost or destroyed by patrons. This makes the net gain 757 and the number of accessioned volumes remaining after the deductions of thirty-seven years, 28,644.

Some of the books in the library are neither readable nor up-to-date. Many of those in constant use are so badly worn they should be replaced with fresh copies. In many instances where ten copies of a book could be used, one, two and perhaps three, have to satisfy the demand.

The demand on the library resources may be shown in part by figures. Books given out for use in the home and school room or charged for use in the rooms can be recorded but there is no way to estimate

the actual use, of those books. Neither is there any way to tell how many times the books on the shelves of the reading, reference and children's rooms are consulted, nor how many times magazines and newspapers are read within the library.

The total number of books given out was 75,960. Of this number 17,281 were given out from the children's room, 1,889 from the East Rochester Branch, and 240 from the Gonic Branch in the fourteen days it was open.

The American Library Association estimates that a library properly supported should have a minimum circulation of five books per capita. Our figures show a circulation of seven and five tenths and that with less than $1.00 per capita appropriation.

It is interesting to note that during the first six months of the year the number of books given out was 2,142 less than the same period last year. During the last six months the circulation increased to such an extent that the deficit was made up and an increase of 1,265 reported. East Rochester shows an increase of 335.

Under achievement may be noted the use made of reading and reference rooms. It does not take many to fill these rooms but the number of readers who come day after day staying through an afternoon, a supper hour or an evening, reading the current periodicals and consulting reference books, show that the opportunity is appreciated. 12,639 have been counted during the year, 8,556 in the main reading and reference rooms and 4,083 in the children's room. The largest number any one day was 126.

Although many changes in the attendant in the children's room has caused a lessening of interest at times, the children still come in large numbers and claim

much attention. The Stokes Treasure Hunt and the Vacation Reading Contest were carried on with the help of Miss Capron and resulted in much good reading during the summer months. Miss Virginia Lunt submitted to the Stokes Publishing Company the best paper by a ten year old girl and won a prize and a letter of commendation from them. Thirty-five young people won diplomas for their summer reading.

Books are the assets of the library and only so far as they are interesting or helpful are they valuable. We cannot give to an inquiring student out-of-date information. We cannot give to readers who hear over their radios or read about books of the day those which were popular a decade ago. It seems necessary therefore to buy as many of the books known and talked about as possible while at the height of their glory. Readers knew that Admiral Bryd's "Little America" was to be published at a certain date. Was it not good business to have it ready for them as soon as issued?

Books wear out. Many hundred dollars could be spent to good advantage replacing and duplicating those which are needed. When the grade schools at East Rochester, at Gonic and the three in Rochester proper as well as the freshmen at high school are asking for the same books you can see how many copies it takes to satisfy the demand.

When one reads that 128 volumes have been discarded because worn out it means that each of the 128 volumes is a book which should be replaced. Does the number of books repaired, 7,992, give to any one an adequate idea of the time it has taken to repair that number of books? It is safe to say that the salary of one assistant is paid by this economy.

No matter how well the books are cared for they are soon forced from their bindings and injured in

other ways by being crowded on shelves which should accommodate about two-thirds of the number. Many books placed on top of rows of books slip down behind the stacks and are not found until the inventory in May.

The library demands from its supporters, in return for what it is doing for the citizens, adequate stack room and shelving to care for its present supply of books and those it must add in the future.

Library work is not only a profession, it is a business. As much attention must be paid to every detail as in any business and this in addition to the giving out and return of books which have been purchased, cared for and brought to the attention of the people. Changes in assistants and training those who take up the work for a time add greatly to the difficulties.

Throughout the year I have had the faithful co-operation and assistance of the assistant librarians Miss Foss and Miss Baril and also that of Miss Allen who has recently been placed in charge of the children's desk. I wish to express to them and to all who have helped in the work of the year my grateful appreciation.

I would also express to the Board of Trustees my appreciation of their patience and advice in the many bothersome things which have necessarily been brought to their attention.

Respectfully submitted,

LILLIAN E. PARSHLEY,
Librarian.

December 31, 1930.

LIBRARY STATISTICS FOR 1930

Name of library,	Rochester Public Library
Date of founding,	1893
Population served according to census of 1930,	10,209

FINANCIAL REPORT FOR 1930

Amount of money on hand January 1, 1930,	$18 82
Received from Rochester Woman's Club,	12 00
Received from Rev. E. M. Salmon,	3 00
Received from summer patron,	1 00
Received from fines and other sources,	368 15
Total receipts,	$402 97
Turned over to John L. Copp, Treasurer,	$385 00
Cash on hand,	17 97
	$402 97

Respectfully submitted,

LILLIAN E. PARSHLEY,

Librarian.

Bequests

Jennie Farrington Annex Fund,	$1,000 00
Interest to January 1, 1930,	40 60
Olive Maria Woodward Fund,	134 48
Interest to January 1, 1930,	8 24
Abbie McDuffee Chase Fund,	5,000 00
Interest to January 1, 1930,	203 01
	$6,386 33

PUBLIC LIBRARY RECEIPTS

Receipts

Balance on hand January 1, 1930,	$48 11
Appropriation from city,	7,500 00
Received from librarian fines and other sources,	385 00
Received interest on Jennie Farrington Fund,	40 60
Received interest from Abbie McDuffee Chase Fund,	237 40
Received deferred interest Abbie McDuffee Chase Fund,	81 11
Total receipts,	$8,292 22

Expenditures

Books from the general fund,	$862 12
Books from the Jennie Farrington Fund,	40 60
Books from the Abbie McDuffee Chase Fund,	318 51
Periodicals,	219 82
Binding,	468 72

Printing and printed supplies,	$116 68
Supplies and incidentals,	239 36
Repairs,	18 75
Furnishings,	73 07
Lighting repairs and supplies,	254 01
Telephone,	46 05
Insurance on books,	146 06
Expenses Gonic Branch,	17 00
Salaries,	5,418 60
Balance,	52 87
	$8,292 22

I have examined the receipts and expenditures of the financial reports of the Librarian, Lillian E. Parshley, and the Treasurer, John L. Copp. I find them correctly cast and properly vouched.

JOSEPH F. SWEET,

Secretary of the Board of Trustees.

Rochester, N. H., December 29, 1930.

Annual Report

OF THE

School Board of City of Rochester

New Hampshire

For the Year Ending December 31, 1930

At a meeting of the School Board of Rochester, January 8, 1931, the annual report of the Superintendent of Schools was accepted and ordered printed as the report of the School Board to the City Council and to the citizens of the city.

WILLIAM H. BUKER,

Secretary.

Rochester, N. H., January 9, 1931.

School Board—City of Rochester

As Organized for 1930

CHAIRMAN
HON. LOUIS H. McDUFFEE

Ward One	HARRY G. BICKFORD LAWRENCE E. HALEY
Ward Two	MILES H. DUSTIN EDWIN B. TRASK
Ward Three	MYRON I. JENNESS HARRY N. LENFEST
Ward Four	FREDERIC E. SMALL ALBERT J. DESJARDINS
Ward Five	CHAS. W. WENTWORTH FRED F. SEAVEY
Ward Six	JAMES STACY TRIPP HENRY K. DOW

STANDING COMMITTEES, 1930

Finances—Mayor, Tripp, Haley.

Teachers and Salaries—Dow, Jenness, Tripp, Small, Haley.

Textbooks and Supplies—Lenfest, Wentworth, Trask.

Schoolhouses and Grounds—Dustin, Lenfest, Desjardins.

Transportation—Desjardins, Bickford, Seavey.

Vocational—Jenness, Dow, Dustin.

School Board—City of Rochester

As Organized for 1931

CHAIRMAN
HON. LOUIS H. McDUFFEE

Ward One	LAWRENCE E. HALEY GEORGE A. PRAY
Ward Two	EDWIN B. TRASK MILES H. DUSTIN
Ward Three	HARRY N. LENFEST MYRON I. JENNESS
Ward Four	ALBERT J. DESJARDINS FREDERIC E. SMALL

Ward Six	HENRY K. DOW DELIA A. GREENFIELD

STANDING COMMITTEES, 1931

Finances—Mayor, Haley, Small.

Teachers and Salaries—Dow, Jenness, Small, Haley, Lenfest.

Textbooks and Supplies—Wentworth, Trask, Seavey.

Schoolhouses and Grounds—Dustin, Desjardins, Greenfield.

Transportation—Desjardins, Seavey, Pray.

Vocational—Jenness, Dow, Dustin.

SUPERINTENDENT OF SCHOOLS AND SECRETARY OF THE BOARD

WILLIAM H. BUKER

Office at High School Building. Office hours: 4.00 to 5.00 P. M., on school days; 8.30 to 12.00 A. M. on Saturdays. Residence, 10 Granite Street.

SECRETARY TO THE SUPERINTENDENT OF SCHOOLS

MYRTLE L. CHENEY

Office hours: 8.00 to 11.30 A. M.; 1.00 to 5.00 P. M.

ATTENDANCE OFFICER

C. EDWARD GOODWIN

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board:

This is the thirty-ninth report in the series and the eighth which I have had the privilege of preparing. I wish to present for your careful consideration information and suggestions that will increase the efficiency of our schools.

Since conditions are constantly changing in the educational field it is essential that the public be informed of these changes, if the schools of Rochester are to keep pace with our neighboring towns and cities.

The work of the high school is largely covered in the reports of the headmaster, the heads of mechanic and domestic arts courses. The work we are doing in music and health will be found in the reports of the music supervisor and the school nurse. The summer playground activities are covered in Mr. Wright's report. All these reports contain much valuable information.

INSTRUCTION

The greatest step we have taken in elementary instruction is the system of reading we have introduced into Grade I. This month it will be carried into Grades II and III. This will mean that in another year we will have more efficient readers in our lower grades and eventually this will carry over into the upper grades.

In the High School much drill material is being given to the pupils. This will assist the pupils in mastering the various subjects.

Several teachers' meetings have been held during the year upon the subject of more efficient methods of instruction.

It is gratifying to know that the entire teaching force is keeping in touch with the most modern methods of instruction.

TEACHER SUPPLY

Never has this generation before witnessed an over-supply of beginning teachers. The successful experienced teacher for certain subjects in our high schools is still in demand.

This over-supply of teachers will soon adjust itself for the normal schools are beginning to limit the number of students to their institutions. In some of the larger cities special teachers are being added to assist the unemployment situation and to assist the individual pupil.

CHANGES IN TEACHERS

High School

There was not a change in the High School staff. This is an unusual record, no doubt due to the over-supply of teachers. This was duplicated in many high schools. Mrs. Eva Stevenson was granted a leave of absence from December 30, 1929, for the remainder of the school year. Mr. Claude McClaskey was elected to this position for that period.

Elementary Schools

There were only three changes in the elementary schools. Miss Arlene Woodward replaced Miss Marion

Whipple in Grades V-VI at the Gonic School. Miss Whipple was married in June. Miss Doris Taylor was elected to the sixth grade vacancy at School Street. Miss Arline Bessey was promoted from the sixth grade position at School Street to Music Supervisor. Miss Myra Sprague, former Music Supervisor, resigned in April. Miss Zilpha Capron was elected full time Opportunity teacher for the lower grades December 30, 1929.

SUMMER SCHOOL ATTENDANCE OR ITS EQUIVALENT

Nearly one-half of the public school teachers in this country (400,000) attended a 1930 summer school. Rochester had the following teachers who received credits:

William H. Buker, Bates College.
Alice D. Goodwin, Bates College.
Margaret P. Paul, Hyannis Normal.
John R. Monroe, University of Maine.
Harold W. Hanson, University of New Hampshire.
Eugene C. Maxam, University of New Hampshire.
Jane McDonald, University of New Hampshire.
Carolyn H. Ricker, University of New Hampshire.
Mildred Whipple, University of New Hampshire.
Josie F. Jacobs, Western trip.
Bernice Jordan, Europe.
Adeline M. Morgan, Europe.

TEACHING EXPERIENCE THAT THE ROCHESTER TEACHERS HAVE HAD

Teachers with 25 or more years experience,	4
Teachers with 15 to 25 years experience,	9
Teachers with 10 to 25 years experience,	10
Teachers with 5 to 10 years experience,	13
Teachers with less than 5 years experience,	13

The above shows that Rochester has an experienced group of teachers.

OPPORTUNITY TEACHER

The School Board added to the elementary staff an opportunity teacher to assist those pupils in the lower grades who need individual attention to master the subjects. Miss Zilpha Capron was elected to this position, most of her time being given to reading. This is the most important subject in the entire curriculum. Already the teachers and school officials can see improvement in the reading. In June the percent of promotion was increased in the lower grades.

At the beginning of the school year Miss Marie Nixon, a graduate of Plymouth Normal School, offered her services "gratis," as an opportunity teacher in the upper grades. Miss Nixon assisted pupils in Grades V-VIII who were having difficulty to carry on the regular class work. Miss Nixon remained with us two and one-half months. This month she has secured a permanent position.

There is need of a regular opportunity teacher in the four upper grades.

NEED OF A SCHOOL BUILDING AT MAPLE STREET

A school building has been needed at Maple Street for several years. A committee appointed from the School Board in October made a survey of this situation and reported to the entire School Board on December 11 as follows:

"The present building is not adequate to care for the children who live in this section of the city. Pupils in Grades VII and VIII, who should attend Maple Street School are now obliged to go to the High School,

Allen School, and a few pupils are often transferred to School Street School. Also, two transportation barges should now leave their children at this school if there were sufficient room.

"The building is beyond repairs. Therefore money is not now being economically used even on the minor repairs that have been made for the past few years upon the Maple Street building. This building was built for a two-room high school in 1875 and therefore is out of date and not adapted for elementary school purposes. Also by not having sufficient room at the Maple Street building the Allen, High School and School Street buildings are forced to care for pupils who do not rightfully belong in these buildings thereby overloading the last named schools. In other words there are other pupils besides the Maple Street pupils who are being educationally handicapped because we have not an adequate building at Maple Street. From 75 to 80 pupils are now being obliged to attend other schools than the Maple Street School, due to inadequate facilities at the Maple Street building.

"Therefore it seems to the committee that there is immediate need of an elementary building in this section of the city."

I trust the Council will concur with the School Board and a building be erected the present year. The School Board voted on December 11 to refer this proposition to the Council of 1931.

TRANSPORTATION

One hundred and fifty-four children are being transported by twelve barges. All but one of these barges are the auto drive type. Although the number of children has increased, the cost to the city will not

be quite as large as the previous year. We are carrying these pupils at a cost of $48.00 per year per pupil.

The boys in Grades VII and VIII at East Rochester and Gonic are transported once a week by the D. S. and R. bus to the High School building for manual training work.

A NEW ELEMENTARY PROGRAM OF STUDIES

The State Department of Education has published an elementary program of studies. The major changes were made in the courses of history, hygiene, science and reading. As we had anticipated the recommendations to be made, many of the readjustments concerning teaching material has already been secured. The 1930 program will be of far greater value to the teachers than the 1921 edition. The program is being well received by the teachers.

A PHYSICAL TRAINING PROGRAM

The Rochester School System needs to develop a Physical Training Program that will reach a larger number of pupils. For the past two years only a small percent of the high school enrollment has had any training along this line. About twenty-five boys have had instruction in football and baseball. The past year about the same number of boys were out for basketball. A few girls last year played basketball and about twenty girls took part in a few hikes.

Our girls and boys, due to lack of home chores, business depressions, and physical instruction are having an unfair chance to develop their bodies.

I recommend that in September we employ a Physical Director to coach and direct the physical training program and possibly teach two courses in the High School.

ECONOMY

The School Department has endeavored to function efficiently by recognizing the following principles:

1. Eliminate retardation as far as possible.
2. Have a continuous testing program.
3. Purchase the most efficient fuel.
4. Secure bids whenever possible.
5. Eliminate small classes in the High School.
6. Keep the attendance above ninety-five percent.
7. Have the entire working force equipped for their respective positions.
8. Provide a bookkeeping system that keeps in daily touch with receipts and expenditures.
9. Adopt no new features at this period of readjustment without having the School Board discuss thoroughly any proposed projects.
10. Discuss thoroughly policies and financial problems in committee and regular School Board meetings.

OUTSIDE ASSISTANCE

The Woman's Relief Corps has given flags to the classrooms for several years. This organization also provides copies of the flag oaths to the pupils.

The Woman's Christian Temperance Union furnished a gifted speaker and for the past few years has given cash prizes to pupils who have written essays upon "Temperance."

One of the Peace Leagues under the auspices of the Friends' Society has offered for several years prizes upon the subject of "Peace."

The Woman's Club has assisted several young high school pupils by providing scholarships for normal and college education.

The Kiwanis and Elks Clubs have assisted many deserving pupils by furnishing free milk and by aiding pupils who are physically handicapped.

The Business and Professional Woman's Club is helping by giving assistance to deserving young ladies in the High School.

The American Legion has assisted the High School through its drum corps, by the awarding of medals to grammar school pupils, and also by assisting the schools on the various holidays.

Such aid is greatly appreciated by the School Department.

SCHOOL PUBLICITY

The schools of Rochester have received during the school year through the press much valuable publicity. It is very doubtful if there is any school department, the size of Rochester, that receives as much school space as is given by the Rochester Courier, Dover Democrat and the Portland Press. Such constructive information is very valuable to a school system. Most of the material printed has been prepared by the teachers, pupils, and school officials. The reporters of the city have efficiently cooperated with the School Department.

FEDERAL AID

The Smith-Hughes Aid received from the State Treasurer in July amounted to $1,284.56. A high school which meets the requirements set up by the Smith-Hughes statutes receives aid toward the support of its Mechanic Arts Department. Cities of over twenty-five thousand population are not eligible for this assistance.

The State Department of Education gave out the following in August:

1. There are five hundred and fifty-nine one room schools in New Hampshire, a decrease of forty-four the past year, or one thousand less pupils in the one-room school.

2. There are five less evening schools in the state than in 1929.

3. The school year has increased in length to 355 half days—two days.

4. There was an increase of men teachers in the state. Now we have 484 men and 2,627 women.

5. Retardation of pupils is decreasing. This shows we are studying individual differences.

6. The percent of attendance was 95.50, an increase of one percent.

7. "A teacher who can get his pupils to doubt, to achieve, is one of the characteristics of a successful teacher."

8. In problem and project teaching we must not forget the drill period.

9. Edison once said, "A high school is oftentimes a place to dull the diamonds and sharpen the brick layers."

10. Many oral reviews in 1940 will be what pupils have learned outside the schools.

11. Forty-nine percent who are graduating from our high schools are going on to 225 different post-secondary schools. A real problem for secondary educators.

12. Rochester High School was on the honor roll for doing supplementary work the past year, and reading beyond the minimum requirements in Latin.

13. Last year New Hampshire high schools offered over seventy-five different subjects.

14. A smaller percent of pupils left Rochester High last year than the previous year, 13 percent and 9 percent respectively.

15. The median I. Q. of seniors in New Hampshire high schools last year was 106. This was one point higher than the class of 1929.

REPAIRS MADE

HIGH SCHOOL BUILDING

1. Cement walks were laid about the building.
2. One room and the middle corridor were tinted.
3. Electrical welding was done on the boilers.
4. Several rooms were varnished.
5. Assembly hall chairs were varnished.
6. Water pipes about boiler replaced.

ALLEN BUILDING

1. Painted the interior walls and kalsomined the ceilings.
2. Wired the entire building for lights.
3. Relaid water pipe to street.
4. Graded about the building.
5. Electric welding about boiler.

SCHOOL STREET BUILDING

1. Erected 120 feet of fence on easterly side of lot.
2. Installed brass water pipes in basement and placed new valves in flush tanks.

MAPLE STREET BUILDING

1. Only minor repairs were made on this building.
2. The heater was newly covered with asbestos.

Gonic Building

1. Some tinting and varnishing done.
2. The boilers were electrically welded about hand holes.
3. A start was made on grading the grounds in the rear of the building.

East Rochester Building

1. Tinted and kalsomined one room.
2. Repaired roof over south porch.

REPAIRS TO BE MADE

High School Building

1. Tint and kalsomine two or three rooms.
2. Paint the interior of the Mechanic Arts Building.
3. Draw sashes on several windows.
4. Paint the cafeteria room.
5. Buff several desks.
6. Increase the size of the shower bath drainage pipe.

Allen Building

1. Buff several desks.

School Street Building

1. Wire and tint the building.
2. Complete grading of grounds.

Maple Street Building

1. Only such minor repairs should be made as are necessary.

GONIC BUILDING

1. Ceilings and walls kalsomined and tinted in two rooms.
2. Complete grading grounds in rear of building.

LIST OF TUITION PUPILS

HIGH SCHOOL

Barrington: Raymond Hobson, Thomas Keith.

Lebanon, Maine: Vernor Blaisdell, Henry Dearborn, James Dixon, Ralph Gray, Harrison Leonard, Phyllis Shorey, Richard Shorey, Franklin Walsh.

New Durham: Walter Burnett, Leslie Chase, Frank Fowler, Tracy Laney, Edith Langley, Mary Miller, Neil Willett.

Strafford: Evelyn Brock.

Wakefield: Harris Chapman, Dorothy Clark, Reginald Stevens, Helen Tuck.

ELEMENTARY

Barrington: Evelyn Keith.

Lebanon, Maine: Doris Carpenter, Ernest Carpenter, Lillian Carpenter, Muriel Carpenter, Robert Carpenter, Ruth Carpenter, Everett Gray, Robert Gray, Bert Hartford, Lois Hartford, Lyle Hartford, Victor Hartford, Warren Hartford, Barbara Leonard, Brenda McCrillis, Raymond Mealey, Norman Pierce, Donald Tibbetts, Glen Walsh, Glennis Walsh, Christine White, Harold Leavitt.

New Durham: Lewis Chamberlain.

Tuition rates, 1930-31, High School $92.01 per year; Elementary $41.51 per year.

COST OF HIGH SCHOOL INSTRUCTION, 1929-30

Public City High Schools

City	Average Membership	Average Cost Per Pupil
Berlin	574	$146 92
Manchester	2,292	117 97
Concord	718	117 16
Somersworth	124	115 03
Laconia	364	107 65
Nashua	978	98 40
Franklin	229	95 82
ROCHESTER	315	92 01
Keene	682	88 97
Dover	484	86 80
Portsmouth	695	85 15

Thus from the table we find Rochester eighth in the list as to cost of high school instruction. This means we spend less than seven of the eleven cities for high school instruction.

SCHOOL EXPENDITURES—PER PUPIL

1929-30

	Rochester	Average State of N. H.
1. District Officers	$ 00	$ 58
2. Supervision	3 56	3 96
3. Census and Truant Officer	42	32
4. Other Expenses	1 55	95
Administration (totals)	$5 53	$5 81

5. Teachers' Salaries	$49 05	$55 62
6. Textbooks	2 29	1 78
7. School Supplies	2 07	2 18
8. Flags	02	03
9. Other Expenses of Instruction	06	49
Instruction	$53 49	$60 10
10. Janitor Service	$4 95	$4 52
11. Fuel	2 24	3 36
12. Water, Light and Janitors' Supplies	63	1 36
13. Miscellaneous Repairs and Expenses	74	2 26
Operation and Maintenance	$8 56	$11 50
14. Medical Inspection	$1 09	$1 40
15. Transportation	5 84	6 31
16. High School Tuition	00	3 81
17. Elementary Tuition	27	87
18. Other Activities	34	50
Auxiliary Agencies	$7 54	$12 89
19. Insurance	$ 27	$ 00
20. Other Fixed Charges	00	79
CURRENT COSTS	$75 39	$91 09
BUILDINGS AND EQUIPMENT	6 18	7 94
DEBT AND INTEREST	00	11 30
TOTAL COSTS	$81 57	$110 33

The current costs and total costs for public education in Rochester is very much less than the average cost in the state.

CURRENT COST OF PUBLIC EDUCATION

Per $1,000 of Equalized Valuation in New Hampshire Cities, 1929-30

Somersworth,	$5 02
Manchester,	5 85
Dover,	6 11
Laconia,	6 51
Franklin,	7 33
ROCHESTER,	7 70
Keene,	7 78
Nashua,	7 79
Berlin,	7 79
Concord,	7 93
Portsmouth,	8 31
Average for N. H. Cities,	7 10

The current cost in Rochester for public education based upon the equalized valuation is very near the average for the above cities.

PUBLIC SCHOOL EXPENDITURES

Compared with Other Expenditures in the U. S.

Cost of Public Education,	$2,448,633,561
Life Insurance,	3,145,584,000
Cost of Luxuries (tobacco, candy, ice cream, theatres, jewelry, etc.),	6,401,650,000
Building Construction,	7,065,000,000
Passenger Automobiles,	12,500,000,000

(Above figures, Office of Education, Washington, D. C.)

Cost of Public Education in N. H., 1928,	$8,600,068
Cost of Life Insurance, N. H.,	11,324,102
Cost of Luxuries (as above), N. H.,	23,045,940

Cost of Building Construction, N. H.,	$50,118,300
Cost of Passenger Automobiles,	51,796,000

Is Public Education costing too much as compared with other expenditures?

Is New Hampshire financially able to support its public schools?

ESTIMATED INCOME AND WEALTH PER CAPITA U. S. AND OTHER NATIONS

	Income	Wealth
United States,	$752 00	$2,974 00
Great Britain,	427 00	2,806 00
Belgium,	200 00	1,245 00
Germany,	197 00	1,067 00
France,	187 00	1,560 00
Italy,	109 00	891 00
Japan,	69 00	641 00

Is our income and wealth in United States, as compared to other countries, sufficient to support Public Education?

RECOMMENDATIONS

1. That $104,000 be appropriated for the support of the public schools. This is the same amount as appropriated for the past four years.

2. That an elementary school building be constructed on Maple Street.

3. That a physical director be employed in September.

4. That some of the usual summer repairs be made during the coming months in order to assist the unemployed.

CONCLUSION

The year nineteen thirty was outstanding in many respects. The professional spirit and growth throughout the entire staff has been excellent. The assistance given the executive department by this School Board has, on all occasions, been helpful. The aid from the other city departments has been very cooperative. The many pleasant interviews with parents, pupils, and friends of the schools have been very cordial. The helpful suggestions received from the Mayor have always been very constructive.

Respectfully submitted,

WILLIAM H. BUKER

REPORT OF PRINCIPAL OF HIGH SCHOOL

Mr. William H. Buker, Superintendent of Schools, Rochester, N. H.:

Dear Sir:

I herewith submit my annual report as Headmaster of the Rochester High School.

The school has enrolled this year 352 pupils.

REGISTRATION BY CLASSES

	Post Graduates	Seniors	Juniors	Sophomores	Freshmen	Total 1930	Total Year 1928	Total Year 1929
Boys enrolled	1	30	29	47	57	164	155	152
Boys left school				4	3	7	6	8
Boys in school	1	30	29	43	54	157	149	144
Girls enrolled	3	39	50	33	63	188	205	187
Girls left school	1		1	3	4	9	6	10
Girls in school	2	39	49	30	59	179	199	177
Total enrolled						352	360	339
Total left	1		1	7	7	16	12	18
Total in school	3	69	78	73	113	336	348	321

Sixteen pupils have left school since September as compared with 12 for 1928 and 18 for 1929. The 16 pupils left for the following reasons:

1. Lack of ability.

2. Lack of work due to loss of interest. This is due to the fact that the pupils have no definite aim.

3. Home conditions. Economic situation in the home necessitates pupils going to work.

REGISTRATION BY COURSES

	Academic	Commercial	Domestic Arts	Mechanic Arts	Total
Senior Boys	9	8	0	13	30
Senior Girls	16	19	4	0	39
Junior Boys	15	10	0	4	29
Junior Girls	17	31	2	0	50
Sophomore Boys	23	15	0	9	47
Sophomore Girls	8	21	4	0	33
Freshman Boys	28	9	0	20	57
Freshman Girls	18	40	5	0	63
Post-graduate Boys	0	1	0	0	1
Post-graduate Girls	1	2	0	0	3
Total	135	156	15	46	352

ATTENDANCE

	Sept. 2-Dec. 1, 1928	Sept. 2-Dec. 1, 1929	Sept. 2 to Dec. 1, 1930
Average attendance	333.7	314.6	334.207
Average absence	10.4	10.2	7.052
Average membership	344.1	324.8	341.259
Per cent. of attendance	96.9	96.7	97.798
Number of tardinesses	81	43	34
Number of dismissals	37	29	17

Our attendance and tardiness is improving. Parents and pupils should realize that inertia which is manifested in a great many absences and tardinesses serves to pass over into that kind of inertia of character which leads to failure in studies and to withdrawal from school.

The following table shows the number of boys and girls who graduated from 1927 to 1930 and the type of work entered into after graduation.

	Academic Graduates	Commercial Graduates	General Graduates	Domestic Arts Graduates	Mechanic Arts Graduates
College	33	1	4	0	0
Normal School	6	8	0	6	3
Preparatory School	16	2	0	1	1
Hospital	3	2	0	0	0
Business College	1	8	0	0	1
Trade School	2	1	1	1	1
Offices	1	21	0	0	0
Woolen Mills	0	0	0	0	4
Shoe Factories	0	0	1	0	2
Clerks	4	14	3	5	6
Machine Trades	2	0	0	0	3
General	5	11	0	0	9
At Home	3	25	0	3	8
Total	76	93	9	16	38

The following conclusions can be drawn from a study of the above table:

1. There are a group of pupils who have a definite vocational aim with a good reason for their choice.

2. There are a group of pupils who have a definite vocational aim but a poor reason for their choice.

3. There are a group of pupils who have no definite vocational aim.

4. There are a group of pupils whose aim is due to the wish of parents.

The following problems are presented:

1. What is the relation of a definite aim to failures and withdrawals?

2. What can be done to guide pupils toward a worthwhile aim?

I feel that many failures and withdrawals are due to the fact that pupils register for work in which they are not interested.

I suggest that some member of the faculty, preferably the headmaster, make a study of Vocational Guidance, and that he teach a definite course in this subject, and that this course be supplemented by conferences with individual pupils. I understand that several high schools are doing successful work by means of such a course.

During the years 1927 to 1930 inclusive thirty-eight graduates were admitted to colleges and universities on certification from the Rochester High School. Twenty-three graduates were admitted to Normal Schools, ten to business colleges, and six to trade schools, on the recommendation of the Rochester High School.

Graduates of the Rochester High School are admitted into any college accepting students upon certification. Rochester High School is approved by the New Hampshire Board of Education as a Class A school, and graduates are accepted without examination for admission into either normal school in the state and the University of New Hampshire.

The New England College Entrance Certificate Board approves high schools on April 1, each year for a term of four years. The Rochester High School was approved in 1929. This approval expires in 1933 and may be renewed upon application.

A school to be approved must—

(1) give satisfactory evidence as to curriculum, staff teachers, and equipment;

(2) be able to prepare for college according to some one of the recognized plans for entering a college represented on the Board;

(3) have a candidate for admission for the ensuing year at some college represented on the Board;

(4) at least two satisfactory students must be sent within three years.

The following colleges are members of the Board:

Amherst College
Bates College
Boston University
Bowdoin College
Brown University
Clark College
Colby College
Mass. Agricultural College
Middlebury College
Tufts College
Wesleyan University
Williams College

Dartmouth College has approved the Rochester High School for certification privileges.

Worcester Polytechnic Institute renewed approval in 1930 on application.

The United States Military and Naval Academies accept our certification, the same as from any school, but also require substantiating examinations from all schools.

Such schools as Ohio Wesleyan, the University of Illinois, Northeastern University, and Simmons College

accept our certification without examination. Pupils have been certified to these schools within the last four years.

Such colleges as Harvard, Yale, Princeton, Mt. Holyoke, Vassar, Smith, and Radcliffe require scholarship and character reports, plus a Scholastic Aptitude Test, and its Entrance Examinations given by the College Entrance Examination Board. The College Entrance Examination Board requires that the principal certify whether or not the candidate is capable of doing college work and of passing the examinations. One pupil from the Rochester High School was certified to the College Entrance Board in 1928 and passed the comprehensive examinations.

During the past four years the Rochester High School has sent sixty-one pupils by certificate and examination direct to the following colleges and normal schools:

Dartmouth College
Univ. of New Hampshire
Bates College
Bowdoin College
Middlebury College
Boston University
Simmons College
Northeastern University
Wesleyan University
Mt. Holyoke College
United States Naval Acad.
Ohio Wesleyan
Plymouth Normal School
Keene Normal School
Connecticut Normal School at New Haven

A study recently made shows that the pupils in the Academic course who have a definite vocational aim, with a good reason for their choice, are admitted to college usually by certification, and their records show that they are successful in college. There is a group of pupils with no definite vocational aim, and the records show that the pupils in this group seldom obtain the certification rank of eighty-five.

I have examined the foregoing account and found same correct.

WILLIAM E. JACOBS,

Auditor.

EXTRA-CLASSROOM ACTIVITIES

It is desirable that all pupils participate in the extra-classroom activities of the school. The extent to which this participation may go without detriment to the pupils' health or other necessary tasks cannot be reduced to a formula. The extent may possibly be determined by the judgment of the pupils and that of their advisors. I feel that a restriction should be placed on the number of offices which the pupil may hold at one time. Leadership should be restricted to those pupils who maintain a satisfactory scholarship record.

All clubs in Rochester High School have faculty advisors, and the function of the advisors is advisory.

We try to teach pupils to take the initiative and to take responsibility. At the present time in the Rochester High School, we have the following extra-classroom activities: Red and White, Dramatic Society, Commercial Club, Football, Basketball, Hiking Club, Orchestra, Boys' Glee Club, Girls' Glee Club, and the Senior Class, Junior Class, Sophomore Class, Freshman Class organizations. All of these organizations are a part of the Student Activity Association.

ASSEMBLY PERIODS

The assembly is the one organization when the school can meet as a whole. The programs are planned well in advance and with regard to the important purposes that an assembly may serve. Pupils and teachers each help in planning the assemblies.

In the past two or three years we have had many speakers from outside. I am beginning to realize that few persons are qualified to speak effectively to high school pupils. I am as much in favor of outside speakers as I have been in the past, but I believe that we should be very careful in the choice of our speakers. Most of our assemblies are in charge of pupils and are put on by the pupils. Now and then the teachers and headmaster take some part.

I feel that our assemblies are and have been very valuable for the following reasons: first, to give the pupils an opportunity to plan and to cooperate; secondly, to give a large number of pupils an opportunity to appear before a critical audience; thirdly, they socialize the life of the high school. They also help to prepare the students for the duties of citizenship.

I wish to thank the superintendent and the school board for their help and suggestions in the work of the high school.

Respectfully submitted,

ELWOOD S. FRASER,

Headmaster.

January 2, 1931.

REPORT TO SUPT. W. H. BUKER ON MECHANIC ARTS WORK AT ROCHESTER HIGH SCHOOL

Dear Sir:—

The following is a report of the activities of the Mechanic Arts Department.

Enrollment by classes:

Grade VII Boys,	49
Grade VIII Boys,	61
Grade IX Cabinet Makers,	26
Grade X Patternmakers,	11
Grade XI Electricians,	5
Grade XII Machinists,	13
Total,	165

The boys of Grades VII and VIII are given 1½ hours per week in manual training. Those of the High School grade are in our shops 12½ hours per week with an additional 6½ hours spent in Mechanical Drawing and Mathematics classes; subjects that are related to the shop courses.

Some of the major projects completed in the shops this year include:

Two battery chargers.

Completion of Arbor Press for Machine Shop.

Machinists' Vise.

Belt-sander for wood shop.

Finishing Room for Cabinet shop.

230 feet of gas line laid for furnace.

Unit board bench for electrical shop.

Teeters and basketball equipment for High, Allen, Maple Street and East Rochester Schools.

Electric wiring of house for W. Chalmers.

Installation of convenience outlets and hall lights at No. 7 Kimball Street.

Library Table.

Cafeteria Table.

End Table.

Smoking Stands.

Patterns for Universal Patternmakers' Vise.

Numerous smaller projects.

New equipment added this year includes:

Portable circular saw.

Six woodworkers' vises.

Universal patternmakers' vise.

Engine lathe.

Gas heat-treating furnace, and several small tools in all shops.

A course in auto mechanics is to be offered to the boys this coming year. This will be of 18 weeks' duration and will replace half of the full year which has been spent in the electrical shop.

Many expect the boy who graduates from our Mechanic Arts Course to be on equal with the journeyman mechanic. This is not possible when the total clock hours in a school year spent in our shops is the equal of nine weeks of the tradesman's time. A little reflection will show that it is absurd to expect trained mechanics in this period of time.

We are endeavoring to give the boys a training which includes the fundamental processes and operations of the various trade outlines in our course of study, including an insight to the requirements of industry. Our aim is to fit these boys for real effective entrance to some of the trades.

The number of visitors to our classes this year is as large as that of last year. We do want more of the parents to see their boys at work. I can assure them that every courtesy and any information that we may have will be extended to all who will visit our classes.

At this time I want to thank the School Board, the Superintendent, the Headmaster and the Mechanic Arts Instructors for their assistance and cooperation.

Respectfully submitted,

HAROLD W. HANSON,

Head of Mechanic Arts Department

REPORT TO THE SUPERINTENDENT OF SCHOOLS ON THE DOMESTIC ARTS WORK AT ROCHESTER HIGH SCHOOL

Dear Sir:

I am pleased to submit the following report:

ENROLLMENT BY CLASSES

Juniors and Seniors	20
Freshmen and Sophomores	16
Allen, Grade VII,	17
Allen, Grade VIII,	23
School Street, Grade VII,	20

School Street, Grade VIII,	17
Wakefield Street, Grade VIII,	14
East Rochester, Grade VII-VIII,	17
Gonic, Grade VII-VIII,	17
Total,	161

Each year the Juniors and Seniors alternate the two following subjects: "Family and Its Members" and "The Home, Its Care, and Management." This year we are offering the latter.

The courses offered have five, forty minute periods a week.

The course includes:

1. The Study of the House, its history, selection, etc.
2. Housing—A Social problem.
3. Drawing of house plans to scale.
4. Plumbing, heating, lighting.
5. Furnishing the house.
6. Study of color harmony and design.
7. Appliances of value in care of the house.
8. Management, care, and cleaning of the house.
9. Household accounting.
10. Planning and care of home grounds.

For project work in this course each girl is furnishing one room of a house, choosing her own color scheme, furniture arrangement, etc. Mr. Stevenson very kindly made each girl a wooden box 12-in. by 12-in. to represent the particular rooms for furnishing. The New Hampshire State Board of Education has sent out material supplementary to the printed program in Home Economics, from which we have been greatly benefited.

Each year the Freshmen and Sophomores alternate the two following subjects: "Foods and Nutri-

tion," and "Sewing." This year we are studying "Foods and Nutrition" and the course includes the following:

1. Nutrition.
2. Food products.
3. Principle of food preparation and preservation.
4. Meal planning, preparation and serving.
5. The kitchen, store rooms and dining room.

The girls are required to serve six course dinners. We are planning to have members of the School Board, and others who may be interested to attend these dinners.

The grade work includes one-half year of cooking and one-half of sewing.

At the Rochester Fair the girls had a splendid canning exhibit, Allen and East Rochester schools receiving the two prizes for the best exhibits.

The first of June we are planning to have a sewing exhibit in the form of a "Fashion Show" to give the public an idea of what the girls in the seventh and eighth grades have accomplished.

We are very pleased with our new books for our Home Economics Library.

At this time I wish to thank those who have made it possible to have our cooking laboratory painted. Every year we have some added improvements for which the girls and I are very grateful.

In closing, I wish to thank the School Board, Superintendent, Headmaster, teachers, and the Mechanic Arts instructors for their cooperation. The Mechanic Arts instructors are always ready to assist the Home Economics Department in the way of building improvements, lecturing, etc.

Respectfully submitted,

C. LOLA MEADER,
Home Economics Teacher.

REPORT OF SUPERVISOR OF MUSIC

To the Superintendent of Schools:

I take pleasure in submitting my first report as Supervisor of Music in the Rochester Public Schools.

Work is being carried on as is outlined in the New Hampshire Program of Studies. Weekly outlines are made for each teacher and frequent tests are given the classes. While the aim of music in the schools is to create inspiration and promote good-will, we are also stressing the technical side of the subject.

The High School Orchestra has twenty-five members. They have a great variety of instruments.

The Junior Orchestra has twenty-three members. Several of these are new members. Many of the Junior Orchestra will soon become members of the High School Orchestra.

The Girls' Glee Club has forty members, many of whom are new-comers.

The High School Chorus meets every Friday morning. It is a pleasure to hear this group sing.

Our musicians have participated in several programs since September: Reception for the Teachers at the Rochester Woman's Club, the Armistice Program put on by the Legion and schools, the Hi-Y Social to the Freshmen, "The Old Homestead" under auspices of Rochester Kiwanis Club, Young People's Night at the Methodist Church, the Senior Social, Children's Day at the Rochester Woman's Club.

May I, at this time, thank all who have cooperated with me in the teaching of music in our schools?

Respectfully submitted,

ARLINE L. BESSEY.

REPORT OF SCHOOL NURSE

To the Superintendent of Schools:

I herewith submit my annual report as school nurse.

Approximately eighteen hundred pupils have been examined this year. The following defects were found:

Pupils with hypertrophied tonsils	112
Pupils with defective teeth	282
Pupils with defective vision	21
Pupils with defective hearing	32

This year the audiometer owned by the state was available for testing pupils' hearing. This machine measures hearing accurately, and is being used yearly in all the larger schools of the country. Pupils and teachers from the second grade through the high school were examined. With the co-operation of a local physician, clinics will be held for those found defective.

Forty-four children attended tuberculosis clinics. Of these four cases necessitated sanitorium treatment, and were admitted at Pembroke, N. H.

A benefit moving picture netted one hundred and seven dollars for free milk in the schools. Two local organizations each donated ten dollars. By recommendation of the State Board of Health, pasteurized milk is now being used in the schools.

Five hundred and eighty-three home visits were made this year. Little can be accomplished with a pupil if some knowledge of his home is not known.

The interest and cooperation of the superintendent and teachers are highly appreciated.

Respectfully submitted,

ADELINE M. MORGAN, R. N.,

School Nurse.

REPORT OF PLAYGROUND INSTRUCTOR

(Summer of 1930)

To the Superintendent of Schools:

I hereby submit my second annual report of the activities at the city playground at Dominicus Hanson Park.

The past summer has been very successful in a number of respects. There has been an increase in attendance over the summer of 1929, especially during the month of July, when there was a larger daily attendance of mothers and children than were present during the same period a year ago. Because of the weather, the attendance dropped somewhat during August.

Secondly, there have been a larger number of children taking part in organized games and tournaments. A tennis tournament for boys under sixteen was organized and played off. This tournament brought forth more talent than I ever expected to find. Every boy in this tournament showed exceptional tennis ability. These boys are out every day on the courts and should be able to compete with boys much older than themselves. In the horseshoes tournament twenty-six boys were entered for singles and doubles. However, the disagreeable weather of the last week of the season forced a postponement of the tourna-

ment. A baseball team was organized at the opening of the season. Because so many of the boys were playing with the church teams a schedule was not attempted. However, many of the boys came for practice every morning. Volleyball forged to the front as one of the most popular games at the playground during the summer. The director spent much time in popularizing and coaching this sport.

Thirdly, there have been a number of improvements which have increased the utility of the park. Through the co-operation of the city officials, many of the dead pines have been removed in order that the drives be made wider. Mr. Goodwin, besides removing these trees, had the springs cleaned and the water analyzed. He reports that the water in the two springs is quite pure but that a foundation should be built around each to prevent the surface flow. Therefore, I strongly recommend that this be done because hundreds of people drink at these places each summer. During this summer, the men collected a substantial amount by which the tennis courts were improved. A fine, rainproof, shellaced net was bought for the new court; while later in the year more money was collected and spent in the erection of new fences around the old hot-top court. This is only one of the fine examples of the co-operation which the citizens are giving us in connection with the playgrounds.

Fourthly, there have been no serious accidents during the summer. This is a very important phase of our playground activities as you must realize. We can't let a drowning accident mar the record of our park. It is gratifying to me to note that we have had none during the past two years. During this summer there have been fewer minor accidents, such as cuts from stumps, glass, etc., and there have been no narrow escapes.

In summary, let me restate the points in showing how the playground has been more successful than in previous years. In the first place, there has been an increase in attendance. Secondly, there have been a larger number taking part in organized games. Thirdly. through fine co-operation, the park has been improved. Fourthly, there have been no serious accidents.

Number of days in attendance—48.

Average number of persons present on the entire playground—125.

Attendance on the best day (approximately)—360.

Number of persons instructed in the elements of swimming—35.

Number of persons given aid for cuts and minor injuries—40.

Number of persons who actually learned how to swim—17.

Recommendations:—

I I strongly recommend that provisions be made for the care of the springs so that we can be sure that the water will be pure at all times.

II I strongly recommend that we have a raft of new lumber for next year. We were handicapped this year because the raft timbers became water-soaked.

III I strongly recommend and emphasize the addition of new swings on the playground. The ones in use at the present time have been used constantly for several years at the park and at Gonic School. This need should be satisfied.

IV There is a need of an additional tennis court which should be constructed soon. Tennis seems to be coming back more and more each year. It is a game which everyone is playing; men, women, and children play daily at the pines. We should plan to have more courts at the earliest possible time.

I thank all those who have helped in advancing the interest in the public, supervised playground of our city. We must never forget this phase of moral and mental, as well as physical exercise.

Respectfully submitted,

STANLEY WILLIAM WRIGHT.

TABLE A—REGISTRATION AND ATTENDANCE

Shedd, John
Torr, John

DOMESTIC ARTS

Auger, Pauline E.
Berry, Lucille A.
Bickford, Bertha R.
Cilley, Agnes C.
Dame, Emily
Howard, Ruby G.
Moore, Louise E.
Rogers, Whielhemina A.

THE CLASS ODE

Marjorie Foster

Tune, "At Dawning"

Four short years, such happy years,
We have spent
Filled with work and filled with play.
What they've meant
In our lives, we'll never know
Never realize what we've lost
Till our school days are no more—
Hallowed memories!

Friendship true, to last for aye,
We have made,
Faithful service tried to give,
Unafraid.
Tried to give a helping hand,
Tried to smile through smarting tears,
Tried to lift some heavier load
All along the way.

So farewell to all so dear,
Tried, and true,
Life is calling—we must go—
"All joy to you!"
May He lead us step by step
Lead our feet in sunny ways,
Keep us faithful to the end,
God takes care of all.

EIGHTH GRADE GRADUATES, JUNE 13, 1930

ALLEN SCHOOL

Louis Archambault
*Llewellyn Beard
*Marjorie Benner
*Ruth Benner
*Albert Bickford
Cynthia Bond
Leonard Boudreau
Marjorie Charette
*Charles Clark
Raymond Cormier
*Willard Crockett
*Ardys Damon
Jeanette Deseaulnier
*Harry Dorr
*Nelson Evans
*Richard Foster
*Randolph Gerrish
*Ruth Hall
Argyle Hanscom
*Norman Hatch
*Charles Holland
*Norma Horne
*Sumner Jenness
*Marion Johnson
*Lucille Marchand
Norman Marchand
*Helen Martineau
*Herve Maxfield
*Francis McDuffee
*Marjorie Meader
*Madelyn Mitchell
*Carlton Nason
*Margaret Nealand
*Manuel Norwood
*Ethel Pike
Dorothea Pullen
*Lorena Remick
*Samuel Rogers
*Isabelle Roots
*Bertha Scott
*John Spiers
*Clyde Stetson, Jr.
*Elizabeth Steward
*Mary Vachon
*Ruth Veno
*Glen Wright

SCHOOL STREET SCHOOL

*Louise Blaisdell
*Mildred Brown
Verlie Bugbee
*Ella Canney
*John Cassidy
*Ruth Ellis
*Pauline Emerson
*Mavis Evans
*Raymond Foss, Jr.
*Bernard Grassie
*Dorothy Gray
Gordon Hall
Vivian Hatch
*Donald Henderson
*Dorothy Littlefield
Alden McKay
*Donald McHugh
*Harry Murdock
*Arnold Newcomb
*Beatrice Palmer
*Marion Peavey
*Helen Sander
*Bayfield Shaw
*Norma Smith
*Mary Swan
Alfred Swett
Foster Tebbetts
*Helen Tuck

GONIC SCHOOL

*Estelle Beaulieu
Helen Bolton
*Leo Cater
*Raymond Connelly
Irene Fleury
Edla Gosselin
*Carl Hamilton
*Ruth Hoey
*Hazel Holland
*Robert Jenness
Edward Krisiack
*Paul Laberty
*William Lenfest
*Marion Logan
*Verna McCarthy
Ann Meader
*Edith Morrill
*John Newbury
*Olive Powell
*Olga Taylor

EAST ROCHESTER SCHOOL

*Leona Baker
Dorothy Blaisdell
*Vernor Blaisdell
*Jeannette Colwell
Marjorie Colwell
*Madeline Dickie
Inez Eupea
*Harriet Frost
*Ralph Gray
*Barbara Haley
Demarice Hall
*Minnie Hamel
*Raymond Jones
*Margaret Maguire
*Frederick Nutter
Frances O'Loughlin
*William Rippett
*Herman Robinson
Cecil Small
Harold Stevens
*Lester Taylor
*Raymond Terrian
*Wilbur Terry
Elwyn Thibault
*Franklin Walsh
Lillian Wilkins

*These pupils entered Rochester High School, September 1930.

IN MEMORIAM

Marvin Canney, a pupil in grade 2 at Maple Street School, died October 6, 1930, age 8 years, 9 months.

Maurice Wentworth, a pupil in grade 2 at Gonic School, died October 25, 1930, age 8 years, 7 months.

George E. Horne, janitor of the Allen School, died November 24, 1930. Mr. Horne had served faithfully and conscientiously in this capacity. He was loved and respected by the hundreds of pupils, teachers and school officials of this city. Rochester mourns his death.
